OUR PROCESS

Our Trade Team will work with you through three key phases: plan, design, implement.

PLAN

Tell us about your projects and work with a member of our dedicated Trade Team to determine the best products for you.

DESIGN

Visualize your room layouts and product designs. Product prototypes and rendered images are created to ensure your satisfaction.

IMPLEMENT

Your concepts now become a reality. High quality custom furniture pieces are made to order to perfectly fulfill your vision.

Whether selecting from our modular commercial series or creating custom products, our goal is to provide excellent customer service from beginning to end!
